

Faculty Emeritus

A faculty member who has served the university with distinction over a period of years may be awarded the title *Emeritus* or *Emerita* upon retirement. The president of the university may confer the title of Emeritus upon any retiring professor (after ten years), associate professor (after 15 years), assistant professor and instructor (after 20 years) who has given honorable and distinguished full-time service to the university. The conferring of the emeritus title must have the recommendation of the dean, Vice Provost for Academic Affairs, and Provost. The title would normally follow the regular professional title, e.g., Professor of History, Emeritus. This designation historically has been awarded at the August commencement ceremony.

Guidelines for Nomination

- Criteria set forth in MTSU Policy II:01:03, *Emeritus Faculty*.
- Call for nominations is initiated by the Vice Provost for Academic Affairs, in **mid-April**, with a deadline of **May 30**.
- Eligible faculty are nominated by the dean. The nomination is reviewed by the Vice Provost for Academic Affairs and the Provost and approved by the President.
